### The Bridge Fund.

Look at our bridge fund this week. We publish names of all persons subscribing less than \$5. We will in the future report all amounts subscribed under the total previously reported, and not carry all names as formerly, as it takes too much space for this. Proper credit has now been given to each individual subscriber whether it be one hundred or one dollar.

### City Papers vs. Local Papers.

The papers of the large cities are all right if you want them, but it is your own home paper that advertises your churches, your numerous societies, sympathizes with you in your afflictions and rejoices with you in your prosperity. In short it is the local paper that mentions the thousand and one items in which you are interested during the year, and do not find in papers of large cities.

### The Tax Sale.

The tax sale was pulled off in this city Saturday. But two sales were made as all of the others paid their tax and penalty before day of sale. H. C. Warmouth bought five feet of the Combs lot advertised adjoining him for the tax and cost; James Bloom bought the Jameson property for tax and cost.

### Arrested for Theft.

Upon advice from the officials of Montgomery county where the theft was perpetrated, a fellow by the name of Curtis was arrested in this city yesterday for stealing twenty-seven dollars and lodged in jail to be held for the proper authorities.

### Rrilroad Suit Compromised.

Estill county has compromised the famous railroad case in which the county has been in litigation with the bond holders for the past several years. In the compromise the county is to pay the bond holders \$58,650.00 The amount of these bonds is \$50,000 with interest for nearly eighteen

Nineteen years ago Estill county voted \$100,000 to the railroad built through that county which was then known as the Richmond, Nicholasville, Irvine & Beattyville R. R. While the terms of the proposition on which the issuance of bonds in payment of this amount was never complied with by the railroad company, it is claimed, \$50,000 worth of these bonds were issued to the railroad when the road was completed to Irvine seventeen years ago. The county officials have all along since these bonds were issued refused to provide for their payment, and the matter all the while has been in the courts which has invariable de- C. T. Grinstead, cided against the county. The face value of these bonds with interest will amount to over \$100, 000. Thus it seems that the county has made a good deal in effecting a compromise for about half their face value.

### Raising Subscription Rates.

Owing to increased price in all kinds of material which goes to make up the local paper, the Frenchburg Agitator has doubled their subscription rate. This is almost inevitable. The Times is just in the same attitude, but we are not going to make any advance in the subscription price yet, still if all kinds of printing material continues to go up it will in the near future be unquestionably impossible to publish any kind of a local paper for 50 cents.
